Summary

Software Engineering with 1.5 years of experience in .NET and C# development, building scalable applications and cloud-based solutions. Strong background in Agile/Scrum teamwork, clean coding practices, and unit testing. Experienced with Azure cloud services and motivated to grow into a full-stack developer with frontend technologies. Professional working proficiency in English, with experience collaborating in international teams.

Experience

Junior Software Developer

getsix Wrocław Sp. z o.o. – Wrocław, Poland

Jul 2023 – Aug 2024

- Designed and implemented backend services in **.NET 6 and C#**, delivering features for an automated VAT compliance platform.
- Developed unit tests with **xUnit** and participated in code reviews to ensure clean, maintainable code.
- Integrated third-party APIs (Amazon, BaseLinker) to automate VAT and invoicing workflows, improving accuracy and freeing the finance team from repetitive tasks.
- Built a currency conversion microservice using **Azure Functions, Logic Apps**, and external APIs, improving accuracy and efficiency.
- Collaborated in a **Scrum team**, actively contributing to sprint planning, daily stand-ups, and retrospectives.

Software Engineering Intern

Tinhvan Consulting – Hà Nội, Viet Nam

Jul 2022 – Sep 2022

- Developed and customized Angular components for the admin panel using **Syncfusion UI library** (data grids, charts, forms), improving data visualization and user interaction.
- Implemented CSV file upload feature in the admin panel, enabling bulk data import and reducing manual entry time for administrators.
- Collaborated in Agile environment (sprint planning, daily stand-ups, code reviews), gaining hands-on experience in teamwork and professional workflows

DevOps Intern

Kyndryl – Wrocław, Poland

Oct 2021 – Feb 2022

- Gained experience with **Linux server administration** and **Docker containerization** for development/testing environments.
 - Supported **CI/CD pipeline** testing and automation initiatives.
 - Documented and improved Agile/Scrum workflows within the team.
-

Technical Skills

- **Languages & Frameworks:** C#, ASP.NET Core, SQL, Java, Python, Spring Boot
- **Frontend:** Basic React (portfolio projects), familiar with Angular concepts
- **Cloud & Tools:** Azure Functions, Azure Logic Apps, Git, Postman, Power BI
- **Database:** SQL Server, Entity Framework Core, MySQL
- **Testing:** xUnit, JUnit

- **Project Management:** Jira, Git, Agile/Scrum

Educations & Certifications

Microsoft Certified: Power Platform App Maker Associate

Microsoft

Aug 2023 – Aug 2024

Bachelor of Software Engineering in Computer Science

Wroclaw University of Science and Technology

Oct 2018 – Feb 2023
